

AHERA Notification

In compliance with 40 CFR 763.93 (g) (4), 793.94 (e) (10), 764.84 (c) Asbestos Containing Material in Schools and the Asbestos Hazard Emergency Response Act (AHERA), this will serve as an annual notification of the availability of the Asbestos Management Plans located in the School Districts Buildings and LEA-DP's office. Rm#08a at THS.

The required Triennial Inspections of all confirmed and assumed asbestos containing building materials (ACBM) are recorded in the **Asbestos Management Plans**. Triennial Inspections are performed during July every three years. As follows 2013, 2016, 2019, 2022, etc. surveillance activities of the condition of the ACBM's (asbestos containing building materials) in the District's Buildings are conducted on an on going basis every six months during June/July and December/Jan and the AMP's are update to reflex any changes on the continual basis.

In the event a planned asbestos project becomes necessary notification will be posted prior to such project. In the case of an emergency response, notice will be posted immediately at the site and appropriate follow up notification will be issued in the most timely manner available.

All records of such activities are on file in the AMP (**Asbestos Management Plans**) in the School Buildings & Districts Maintenance Office.
