

Empire State After School Program 2017-2018 Handbook

MISSION STATEMENT: To provide opportunities for learning, growth and discovery in a safe supportive after school environment that will ensure each student reach their full potential.

“The research is clear. Strong afterschool programs provide a wide range of benefits for children, families and their communities. These programs can enhance academic performance, improve classroom behavior, reduce unhealthy and risky behaviors, encourage physical activity and good dietary habits, and provide a safe and supportive environment for the children of working parents. I applaud the Governor and the legislature for making these benefits available to so many children and families across the state.”

- MaryEllen Elia, New York State Education Commissioner

The Troy City School District is pleased to announce that it is a recipient of the Empire State After School Grant.
