**From: Mr Dominick Rizzo, LEA Designee / Workplace Safety Coordinator**  
**RE: AHERA Notification for The Enlarged City School District of Troy, NY 12180**  
**Date: August 2019**

---

## AHERA Notification

In compliance with 40 CFR 763.93 (g) (4), 793.94 (e) (10), 764.84 (c) Asbestos Containing Material in Schools and the Asbestos Hazard Emergency Response Act (**AHERA**), this will serve as an annual notification of the availability of the Asbestos Management Plans located in the School Districts Building Main Office and LEA-DP's office

The required Triennial Inspections of all confirmed and assumed asbestos containing building materials (**ACBM**) are recorded in the **Asbestos Management Plans**. Triennial Inspections are performed during June/July every three years. As follows 2010, 2013, 2016 and 2019. Surveillance activities of the condition of the ACBM's (asbestos containing building materials) in the Districts Buildings are conducted on an ongoing basis every six months during June/July December/January and the AMP's are updated to reflect any changes on the continual basis.

The Districts Asbestos Operations and Maintenance Program will always be checking and insuring the condition of the ACBM are in serviceable condition.

In the event a planned asbestos project or response action becomes necessary, notification will be posted ten days prior to such action. In the case of an emergency response, notice will be placed immediately at the site and appropriate follow up notification will be issued in the timeliest manner available.

All records of such activities are on file in the AMP (**Asbestos Management Plans**) in the School Buildings and District Maintenance Office

DR
