

District Procedure for Channeling of Parent Concerns

The Board believes that concerns are handled best when resolved as close to their origins as possible. School personnel should be given every opportunity to consider the issues and to resolve the problems. Please follow the proper channeling of concerns as listed below:

- **THE TEACHER**: If there is a concern about something in the classroom, parents/guardians are encouraged to meet with the teacher first. Communication at this level often resolves the matter.
- **THE PRINCIPAL**: If there is a concern about general school operations and policies, or if meeting with a teacher is either inappropriate or does not help, parents/guardians are encouraged to meet with the building Principal or Assistant Principal.
- **THE SUPERINTENDENT**: If the concern involves school district operations generally or if the teacher and the Principal are not able to resolve the problem satisfactorily, the parent/guardian should contact the Superintendent's office to address the concern. The Superintendent may be the most appropriate person to respond to your concern or he may refer you to other District personnel who may be a better resource to address your concern such as:
 - Assistant Superintendent for Curriculum and Instruction, 328-5062
 - Assistant Superintendent for Business, 328-5005
 - Transportation Coordinator, 328-5439
 - Pupil Services, 328-5006
 - Athletics Department, 328-5417
- **THE BOARD OF EDUCATION**: If the concern is directly related to Board actions or operations, parents/guardians may address the Board directly through the Clerk of the Board or contact the Superintendent's office. If the parent/guardian has made an attempt to resolve the matter at other levels and has not been satisfied with the response(s), the concern may be brought to the attention of the Board of Education either directly at a meeting or through correspondence to the Board Clerk.
