**School Principal's Signature**

**Date 11/18/15**

I certify that the information provided above and in the attached documents is true and accurate to the best of my knowledge. I understand that the accountability status determination reported in the Information Reporting Services (IRS) portal/nySTART is official and that the district and its school must meet all federal and State requirements pertaining to such accountability designations and expected student performance improvements.

I further certify that I have reviewed the Diagnostic Self-Review Document and met with the school leadership to discuss and revise the rubric ratings as appropriate and that I concur that the ratings provided in the rubric are an accurate assessment of the school's current performance in relation to the tenets.

**Superintendent’s Signature**

**Date 11.19.15**

*For New York City schools, the Community School District Superintendent must sign the self-assessment.*

### A Message to School/District Leaders:

The purpose of the New York State Education Department (NYSED) school review is to provide all New York State (NYS) stakeholders currently involved in school and/or district evaluation with cogent messages around school improvement and highly effective educational practices. Our thinking is that the more the NYS educational community engages in common practices and uses common language to evaluate and describe effective schools, the more readily we, as an educational community, will be able to provide high-quality seats to all students in our state.
Guidance

The Diagnostic Self-Review Document provides an opportunity for the school, with the assistance of the district, to assess its current level of performance in regard to the school leadership, teacher practices and decisions, curriculum development and support, student social and emotional developmental health, and family and community engagement. Schools should use the self-review as an opportunity to identify actions to be taken to improve student academic results for the identified subgroup(s), describe the district resources to be used to implement the actions identified, and describe the professional development activities planned to support the implementation of the actions to improve student academic results.

The Diagnostic Self-Review Document and Report Template must be approved by the district’s Board of Education (for New York City (NYC) schools, it must be approved by the Chancellor) and posted to the district’s website by Friday, November 20, 2015, as well as kept on file at both the school and the district offices.

Completing This Form

✓ Before completing this form, please examine the rubric, and discuss the tenets and the statements of practice with the district representative who will be assisting you in completing, reviewing and approving your LAP Self-Assessment. As the rubric used for the Diagnostic Self-Review is the same one as used for Diagnostic Review for School and District Effectiveness (DTSDE) conducted in Focus Districts, the DTSDE website (http://www.p12.nysed.gov/accountability/diagnostic-tool-institute/home.html) contains helpful information about the rubric.

✓ In collaboration with your school leadership team and your district representatives, complete the Self-Review by identifying the strategies and practices you either are planning to implement or have implemented that meet the needs of your school, as identified by the assessment.
  o Pay particular attention to the performance of the subgroups that caused the school to be identified as requiring a Local Assistance Plan (LAP).
  o Use evaluative language and connect how the strategies and practices have or will impact teaching and learning.
  o Make sure the activities proposed reflect a new and robust direction or a continuation of practices that are showing evidence-based positive results in closing the achievement gap(s).

✓ Be concise and clear when describing the evidence that supports your ratings.

✓ Provide information in the plan that addresses the “who, what, when, and why” of the strategies chosen to meet the needs of the school.

✓ Please Note: The designation of a school as a LAP means that a school has areas that need improvement, particularly as they relate to the subgroup(s) of students who are failing to make academic gains. These areas should be reflected in the ratings, evidence and action plans outlined in this assessment.

✓ Before the completed Self-Review Document and Report Template are submitted to the Board of Education (for NYC, the Chancellor) for approval, the school superintendent must meet with the school leadership to discuss and revise the rubric ratings as appropriate.

A successfully completed Self-Review provides an accurate picture of your school and its needs and describes the actions you and the district will take to address these needs. The evidence and plans for improvement described in the document will closely align to the expectations put forth in the rubric, therefore aligning the plan to the optimal conditions for school effectiveness.

If you have any questions regarding completion of the Local Assistance Plan Self Assessment, please send an email to accountinfo@nysed.gov.

*Student Sustainability or Student Stability is the percentage of students in the highest grade in a school who were also enrolled in that school at any time during the previous school year. For example, if School A, which serves Grades 6-8, has 100 students enrolled in Grade 8 this year, and 92 of those 100 students were also enrolled in School A last year, the stability rate for the school is 92 percent.
Rate each practice with an H, E, D, or I in the space provided. Before assigning a rating of Effective or Highly Effective to a Statement of Practice, the school should pay particular attention to how the statement of practice is related to the performance of the subgroup(s) of students who caused the school to be identified as requiring a LAP. When providing a response to a Statement of Practice that is Effective, Developing, or Ineffective, the school should specify whether actions will be targeted to the subgroup(s) of students who caused the school’s identification or be part of a whole school transformation or turnaround strategy.

<th>Tenet 2 - School Leader Practices and Decisions: Visionary leaders create a school community and culture that lead to success, well-being and high academic outcomes for all students via systems of continuous and sustainable school improvement</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Rating</strong></td>
</tr>
</tbody>
</table>
| Highly Effective | a) The SMART goals/mission and long-term vision are created and supported by staff, families, and students and are uniformly seen, heard, and known across the entire school community and affiliated partnerships.  
   b) The school leader champions the implementation of a data-driven mission for student achievement and well-being and holds the school community of stakeholders accountable for working to realize the long-term vision and the school priorities as outlined in the SCEP and other school improvement documents.  
   c) The school leader and community stakeholders regularly monitor and evaluate progress toward attainment of SMART goals and priorities in the SCEP that are aligned to the long-term vision, making adjustments when goals are not achieved, improvements are needed, and priorities become misaligned. |
| Effective | a) The SMART goals/mission and long-term vision are created and supported by a representative group of staff, families, and students and some affiliated partnerships.  
   b) The school leader shares a data-driven mission for student achievement and well-being with the school community of stakeholders and has a plan for how to work together to realize this long-term vision and the school priorities as outlined in the SCEP and other school improvement documents.  
   c) The school leader and community stakeholders monitor and evaluate progress once or twice a year toward SMART goals and priorities in the SCEP aligned to the long-term vision. |
| Developing | a) The SMART goals/mission and long-term vision are created with limited input by stakeholders, and are in the process of being shared with staff, families, and students across the school community.  
   b) The school leader has a data-driven mission for student achievement and well-being, outlined in the SCEP, and is in the process of developing how the school community will work to realize the long-term vision.  
   c) The school leader is in the process of adapting SMART goals that better align to the long-term vision, or these SMART goals exist but are not monitored and evaluated. |
| Ineffective | a) The SMART goals/mission and long-term vision are unknown, not commonly understood, and/or have not been shared with staff, families, and students across the school community.  
   b) The school leader has not developed a data-driven mission that is connected to the long-term vision.  
   c) The school leader has not developed SMART goals or the current goals are not aligned to the long-term vision. |

</thead>
</table>
| Highly Effective | a) Teachers use targeted agendas based on student and school data to develop collaboratively unit and lesson plans to meet the demands of CCLS and grade level DDI protocols (e.g., documentation of ongoing analysis of formative and summative assessments, student work, use of rubrics) in all grades and subject areas.  
b) Teachers use a full complement of curricula tools, such as pacing calendars, curriculum maps, unit and lesson plans, across all grades, content areas, and classes that incorporate a progression of sequenced and scaffolded skills for all groups of students (including special education and English language learners) and use a variety of complex materials appropriately aligned to the CCLS.  
c) Teachers consistently monitor and adjust curricula to support the CCLS instructional shifts and NYS content standards and ensure higher-order thinking skills are consistently present by providing necessary supports and extensions for all groups of students across all content areas and grades. |
| Effective | a) Teachers develop collaboratively unit and lesson plans that meet the demands of CCLS and grade-level DDI protocols (e.g., documentation of ongoing analysis of formative and summative assessments, student work, use of rubrics) and address student achievement needs in all grades and subject areas.  
b) Teachers use unit and lesson plans across all grades, content areas, and classes that incorporate a progression of sequenced and scaffolded skills for all groups of students (including special education and English language learners) and use a variety of complex materials appropriately aligned to the CCLS.  
c) Teachers monitor and adjust curricula to support the CCLS instructional shifts and NYS content standards and ensure higher-order thinking skills are consistently present by providing necessary supports and extensions for all groups of students across core content areas and grades. |
| Developing | a) Teachers individually or inconsistently collaborate to develop unit and lesson plans based on student data to meet the demands of CCLS and grade-level DDI protocols (e.g., documentation of ongoing analysis of formative and summative assessments, student work, use of rubrics) in all grades and subject areas.  
b) Teachers use lesson plans that are either inconsistently aligned to CCLS or are aligned to the CCLS but do not use a variety of complex materials that incorporate a progression of sequenced and scaffolded skills.  
c) Teachers either are in the process of developing protocols to monitor and adjust curricula to support the CCLS instructional shifts and NYS content standards, or teachers inconsistently monitor and adjust curricula across the school, or teachers monitor and adjust no more than twice a year for all groups of students across content areas and grades. |
### Ineffective

- Teachers do not use formal structures and data to work collaboratively to develop unit and lesson plans.
- Teachers use lesson plans that are not aligned to CCLS.
- Teachers do not monitor and adjust curricula, and there is no plan to begin to do so.

Please indicate the evidence used to determine the rating.

### If the SOP rating is Effective, Developing or Ineffective, please provide a response in the areas below.

**Actions in this area to be taken to improve the identified subgroup(s) student performance levels.**

Develop curriculum and lesson plans that engage students intellectually and allows for multiple pathways of access, expression and representation (rigor, flexibility, student voice).

**Describe the district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels.**

- Principal
- RtI Coordinator
- Literacy Coach

**Describe the professional development activities planned to support the implementation of the actions in this area.**

- Time to meet with grade level colleagues across the district around grade level curriculum and data.
- Training on how to use Curriculap

**Timeline for Implementation of Activities and Professional Development – Please provide milestone dates for the planning, implementation, and review of activities implemented in this area.**

- Every other month – September 2015-June 2016
- Training session offered on Curriculap by March 2016

---

### Rating: Developing

**Statement of Practice 3.4:** The school leader and teachers have developed a comprehensive plan for teachers to partner within and across all grades and subjects to create interdisciplinary curricula targeting the arts, technology, and other enrichment opportunities.

- Teachers periodically collaborate within and across grades and subjects to deliver interdisciplinary curricula that incorporate the arts, technology, and other enrichment opportunities, and there is evidence that teachers regularly develop innovative strategies for connecting these curricula with subject-specific curricula.
- Teachers periodically collaborate in grade/subject level teams to formally reflect on the impact of the interdisciplinary curricula, take immediate action to make revisions when needed, and ensure that there is a common understanding about what is taught and why it is taught.

### Rating: Effective

- Teachers periodically collaborate within and across grades and subjects to deliver interdisciplinary curricula that incorporate the arts, technology, and other enrichment opportunities, and there is evidence that teachers regularly develop innovative strategies for connecting these curricula with subject-specific curricula.
- Teachers periodically collaborate in grade/subject level teams to formally reflect on the impact of the interdisciplinary curricula, take action according to a set schedule (e.g., beginning, middle, and end of the year), make revisions when needed, and ensure that there is a common understanding about what is taught and why it is taught.

### Rating: Highly Effective

- The school leader and teachers consistently use comprehensive and adaptive plans to form partnerships and create interdisciplinary curricula targeting the arts, technology, and other enrichment opportunities within and across all grade levels and subjects.
- Teachers consistently collaborate within and across grades and subjects to deliver interdisciplinary curricula that incorporate the arts, technology, and other enrichment opportunities, and there is evidence that teachers regularly develop innovative strategies for connecting these curricula with subject-specific curricula.
- Teachers consistently collaborate in grade/subject level teams to formally reflect on the impact of the interdisciplinary curricula, take immediate action to make revisions when needed, and ensure that there is a common understanding about what is taught and why it is taught.
### Ineffective

- a) The school leader and teachers do not have formal partnerships to address interdisciplinary curricula.
- b) Teachers do not collaborate and discuss ways to deliver interdisciplinary curricula within grades and subjects.
- c) Teachers have not developed interdisciplinary curricula, or there are no plans or processes for reflecting and revising current curricula.

Please indicate the evidence used to determine the rating. Check all that apply.

If the SOP rating is **Effective**, **Developing**, **or Ineffective**, please provide a response in the areas below.

#### Actions in this area to be taken to improve the identified subgroup(s) student performance levels.

Provide opportunities for teachers to meet horizontally, with a structured focus, in order to collaborate for the purpose of designing rigorous interdisciplinary lessons and units that promote higher level thinking skills, contain rigorous questions and show a progression of skills from one grade level to another.

Utilize technology to increase the use of interactive lessons.

#### Describe the district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels.

- Curricuplan
- Faculty meetings
- Curriculum Leader
- Literacy Coach
- Principal

#### Describe the professional development activities planned to support the implementation of the actions in this area.

Professional development on how to integrate technology into lessons to make them more interactive across all subjects.

#### Timeline for Implementation of Activities and Professional Development – Please provide milestone dates for the planning, implementation, and review of activities implemented in this area.

Ongoing professional development opportunities, offered by the district, on utilizing the MX800.

### Statement of Practice 3.5: Teachers implement a comprehensive system for using formative and summative assessments for strategic short and long-range curriculum planning that involves student reflection, tracking of, and ownership of learning.

#### Highly Effective

- a) Teachers have and use strategic comprehensive assessment system for using multiple measures of data: structure and protocols for analysis, plan to track progress over time on explicitly identified targets, creation of pre- and post-unit assessments and have a process for adapting curriculum that demonstrates improving individual and subgroup achievement.
- b) Teachers create and use a variety of appropriate, common assessments data (including pre-, post-, formative and summative) across all grades and subject areas ensuring alignment between the curriculum and assessment tools.
- c) Teachers have a system for providing regular and explicit feedback to students that is based on data and facilitates student ownership of learning. This system includes student use of rubrics to complete assignments, student self-assessment, student tracking of individual progress, and student reflection upon and adjustment of individual learning strategies to address explicit teacher feedback.

#### Effective

- a) Teachers have and use a comprehensive system for using data: identified targets, pre-and post-unit assessments and have a process for adapting curriculum that demonstrates improving individual and subgroup achievement.
- b) Teachers use pre-, post-, formative and summative assessment data across all grades and subject areas, ensuring alignment between the curriculum and assessment tools.

**Tenet 6 - Family and Community Engagement:** The school creates a culture of partnership where families, community members and school staff work together to share in the responsibility for student academic progress and social-emotional growth and well-being.

**Rating**

<table>
<thead>
<tr>
<th>Rating</th>
<th>Statement of Practice 6.2: The school leader ensures that regular communication with students and families fosters their high expectations for student academic achievement.</th>
</tr>
</thead>
</table>

- **Highly Effective**
  - a) The school leader, in collaboration with the staff, ensures that staff members are knowledgeable about the school’s priority and plan for students to graduate from high school and complete postsecondary education (college, CTE) with advanced competence, and school staff regularly communicate this priority to students, parents, and community leaders in ways that are appropriate for the grade level of the students.
  - b) The school community implements proactively the plan to create diverse and meaningful opportunities for engaging students, families, and community stakeholders in the conversation regarding high expectations for student academic achievement and uses multiple points of entry to provide tips and tools focused on student learning and development.
  - c) The school leader and community review and assess routinely how parents respond to the efforts to build family-school partnerships to foster high expectations for student academic achievement and make timely adjustments if strategies are not working.

- **Effective**
  - a) The school leader makes it a school-wide priority for all students and their families to be aware of the school-wide expectations and plan pertaining to graduating from the school and provides age appropriate information about college and postsecondary CTE programs to students and their families.
  - b) The school community implements the plan to foster conversations with students and families regarding high expectations for student academic achievement and provides tips and tools focused on student learning and development.
  - c) The school staff reviews and assesses how parents respond to the efforts to build family-school relationships and makes periodic adjustments to those efforts if strategies are not working.

- **Developing**
  - a) Most of the school staff members are knowledgeable about the expectations for student academic achievement, or the school leader is developing a plan to communicate the expectations to students and

If the SOP rating is **Effective**, **Developing** or **Ineffective**, please provide a response in the areas below.

- **Actions in this area to be taken to improve the identified subgroup(s) student performance levels.** Investigate ways to increase partnerships with families and the community. Develop a written plan that outlines these methods.
- **Describe the district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels.** Principals, Consultants
- **Describe the professional development activities planned to support the implementation of the actions in this area.** Professional development on developing positive relationships for families. Participation in the Scholastic FACE conference.
- **Timeline for implementation of Activities and Professional Development – Please provide milestone dates for the planning, implementation, and review of activities implemented in this area.** During monthly faculty meetings

**Statement of Practice 6.5:** The school shares data in a way that promotes dialogue among parents, students, and school community members centered on student learning and success and encourages and empowers families to understand and use data to advocate for appropriate support services for their children.
## Ineffective

- There is no evidence that school leaders, data specialists, student support professionals, and program coordinators have prioritized or recognized the need to share and integrate data systems.
- The school community does not share data with parents in ways they can understand.

### Actions in this area to be taken to improve the identified subgroup(s) student performance levels.
- Create a tool to communicate data with families in a language that is understandable to all families and fosters reciprocity.

### Describe the district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels.
- Principal
- District Parent Engagement Coordinator
- Curriculum Leaders

### Describe the professional development activities planned to support the implementation of the actions in this area.
- Provide professional development on easy ways to communicate the CCLS and assessment data in order to share this information with all families.
- Provide support to families on the use of data to advocate for their children.

### Timeline for Implementation of Activities and Professional Development – Please provide milestone dates for the planning, implementation, and review of activities implemented in this area.
- By August 31, 2016 professional development will be provided in this area.
Describe the process used to develop this plan pursuant to Commissioner’s Regulations 100.11.

The district review team which consists of the Assistant Superintendent for Curriculum and Instruction, Response to Intervention Coordinator, Director of Pupil Personnel Services, Coordinator of Grants, and Middle School Principal completed a school review following the Diagnostic Tool for School and District Effectiveness (DTSDE). The review took place over two days. It consisted of interviews and meetings with teachers, staff, parents and students as well as the principal. The review team also participated in 46 classroom visits in order to gain as much evidence as possible.

Following the review, the team worked collaboratively to rate the school under five of the six tenets of the DTSDE. Based on the ratings and evidence collected, as well as conversations and collaboration with the building leader, the Local Assistance Plan (LAP) was completed. The LAP is shared with all building faculty and staff and will be used as a guide to provide instruction aligned to the Common Core Learning Standards, improve district and building leadership and improve the overall culture and climate of the building. The goal is to be highly effective in all areas to ensure a continued increase in student achievement for all subgroups and the all student group overall.
