Local Assistance Plan (LAP)
Diagnostic Self-Review Document and Report Template

Name of Principal: Karen Cloutier
Name/Number of School: School #14
School Address: 1700 Tibbits Ave
School Telephone Number: 518-328-5803
Principal’s Direct Phone Number: 518-328-5810
Principal’s E-Mail: cloutierk@troycsd.org
District Telephone Number: 518-328-5052
Superintendent’s Direct Phone Number: 518-328-5085
Superintendent’s E-Mail: supt@troycsd.org
Reason for LAP Designation: Performance of white students on NYS Assessments in ELA Grades 3-5
Website Link for Published Report: www.troycsd.org

School Principal’s Signature ___________________________ Date 11-18-15
I certify that the information provided above and in the attached documents is true and accurate to the best of my knowledge. I understand that the accountability status determination reported in the Information Reporting Services (IRS) portal/nystart is official and that the district and its school must meet all federal and state requirements pertaining to such accountability designations and expected student performance improvements.

I further certify that I have reviewed the Diagnostic Self-Review Document and met with the school leadership to discuss and revise the rubric ratings as appropriate and that I concur that the ratings provided in the rubric are an accurate assessment of the school's current performance in relation to the tenets.

Superintendent’s Signature ___________________________ Date 11-19-15
For New York City schools, the Community School District Superintendent must sign the self-assessment.

A Message to School/District Leaders:
The purpose of the New York State Education Department (NYSED) school review is to provide all New York State (NYS) stakeholders currently involved in school and/or district evaluation with coherent messages around school improvement and highly effective educational practices. Our thinking is that the more the NYS educational community engages in common practices and uses common language to evaluate and describe effective schools, the more readily we, as an educational community, will be able to provide high-quality seats to all students in our state.
Guidance

The Diagnostic Self-Review Document provides an opportunity for the school, with the assistance of the district, to assess its current level of performance in regard to the school leadership, teacher practices and decisions, curriculum development and support, student social and emotional developmental health, and family and community engagement. Schools should use the self-review as an opportunity to identify actions to be taken to improve student academic results for the identified subgroup(s), describe the district resources to be used to implement the actions identified, and describe the professional development activities planned to support the implementation of the actions to improve student academic results.

The Diagnostic Self-Review Document and Report Template must be approved by the district’s Board of Education (for New York City (NYC) schools, it must be approved by the Chancellor) and posted to the district’s website by Friday, November 20, 2015, as well as kept on file at both the school and the district offices.

Completing This Form

✓ Before completing this form, please examine the rubric, and discuss the tenets and the statements of practice with the district representative who will be assisting you in completing, reviewing and approving your LAP Self-Assessment. As the rubric used for the Diagnostic Self-Review is the same one as used for Diagnostic Review for School and District Effectiveness (DTSDE) conducted in Focus Districts, the DTSDE website (http://www.p12.nysed.gov/accountability/diagnostic-tool-institute/home.html) contains helpful information about the rubric.

✓ In collaboration with your school leadership team and your district representatives, complete the Self-Review by identifying the strategies and practices you either are planning to implement or have implemented that meet the needs of your school, as identified by the assessment.
  o Pay particular attention to the performance of the subgroups that caused the school to be identified as requiring a Local Assistance Plan (LAP).
  o Use evaluative language and connect how the strategies and practices have or will impact teaching and learning.
  o Make sure the activities proposed reflect a new and robust direction or a continuation of practices that are showing evidence-based positive results in closing the achievement gap(s).

✓ Be concise and clear when describing the evidence that supports your ratings.

✓ Provide information in the plan that addresses the “who, what, when, and why” of the strategies chosen to meet the needs of the school.

✓ Please Note: The designation of a school as a LAP means that a school has areas that need improvement, particularly as they relate to the subgroup(s) of students who are failing to make academic gains. These areas should be reflected in the ratings, evidence and action plans outlined in this assessment.

✓ Before the completed Self-Review Document and Report Template are submitted to the Board of Education (for NYC, the Chancellor) for approval, the school superintendent must meet with the school leadership to discuss and revise the rubric ratings as appropriate.

A successfully completed Self-Review provides an accurate picture of your school and its needs and describes the actions you and the district will take to address these needs. The evidence and plans for improvement described in the document will closely align to the expectations put forth in the rubric, therefore aligning the plan to the optimal conditions for school effectiveness.

If you have any questions regarding completion of the Local Assistance Plan Self Assessment, please send an email to accountinfo@nysed.gov.

*Student Sustainability or Student Stability is the percentage of students in the highest grade in a school who were also enrolled in that school at any time during the previous school year. For example, if School A, which serves Grades 6-8, has 100 students enrolled in Grade 8 this year, and 92 of those 100 students were also enrolled in School A last year, the stability rate for the school is 92 percent.
Rate each practice with an H, E, D, or I in the space provided. Before assigning a rating of Effective or Highly Effective to a Statement of Practice, the school should pay particular attention to how the statement of practice is related to the performance of the subgroup(s) of students who caused the school to be identified as requiring a LAP. When providing a response to a Statement of Practice that is Effective, Developing, or Ineffective, the school should specify whether actions will be targeted to the subgroup(s) of students who caused the school’s identification or be part of a whole school transformation or turnaround strategy.

<th>Tenet 2 - School Leader Practices and Decisions: Visionary leaders create a school community and culture that lead to success, well-being and high academic outcomes for all students via systems of continuous and sustainable school improvement.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rating</td>
</tr>
</tbody>
</table>
| Highly Effective | a) The SMART goals/mission and long-term vision are created and supported by staff, families, and students and are uniformly seen, heard, and known across the entire school community and affiliated partnerships.  
b) The school leader champions the implementation of a data-driven mission for student achievement and well-being and holds the school community of stakeholders accountable for working to realize the long-term vision and the school priorities as outlined in the SCEP and other school improvement documents.  
c) The school leader and community stakeholders regularly monitor and evaluate progress toward attainment of SMART goals and priorities in the SCEP that are aligned to the long-term vision, making adjustments when goals are not achieved, improvements are needed, and priorities become misaligned. |
| Effective | a) The SMART goals/mission and long-term vision are created and supported by a representative group of staff, families, and students and some affiliated partnerships.  
b) The school leader shares a data-driven mission for student achievement and well-being with the school community of stakeholders and has a plan for how to work together to realize this long-term vision and the school priorities as outlined in the SCEP and other school improvement documents.  
c) The school leader and community stakeholders monitor and evaluate progress once or twice a year toward SMART goals and priorities in the SCEP aligned to the long-term vision. |
| Developing | a) The SMART goals/mission and long-term vision are created with limited input by stakeholders, and are in the process of being shared with staff, families, and students across the school community.  
b) The school leader has a data-driven mission for student achievement and well-being, outlined in the SCEP, and is in the process of developing how the school community will work to realize the long-term vision.  
c) The school leader is in the process of adapting SMART goals that better align to the long-term vision, or these SMART goals exist but are not monitored and evaluated. |
| Ineffective | a) The SMART goals/mission and long-term vision are unknown, not commonly understood, and/or have not been shared with staff, families, and students across the school community.  
b) The school leader has not developed a data-driven mission that is connected to the long-term vision.  
c) The school leader has not developed SMART goals or the current goals are not aligned to the long-term vision. |

**Tenet 3 - Curriculum Development and Support:** The school has rigorous and coherent curricula and assessments that are appropriately aligned to the Common Core Learning Standards (CCLS) for all students and are modified for identified subgroups in order to maximize teacher instructional practices and student learning outcomes.

<table>
<thead>
<tr>
<th>Rating</th>
<th>Statement of Practice 3.2: The school leader ensures and supports the quality implementation of a systematic plan of rigorous and coherent curricula appropriately aligned to the Common Core Learning Standards (CCLS) that is monitored and adapted to meet the needs of students.</th>
</tr>
</thead>
</table>
| Highly Effective | a) The school leader, using a distributive leadership model, ensures that a systematic plan (i.e., a plan that has targeted goals to address the needs of all students and subgroups, a schedule for professional development support, and vertical/horizontal collaborative meeting time) exists for the quality implementation of rigorous CCLS curricula.  
b) The school leader uses the systematic plan to provide teachers access to robust pedagogical support (i.e., inter-visit, cross-grade conversations, exemplar curriculum models, access to expert CCLS curriculum writers, and CCLS conferences), materials, and training aligned to CCLS curricula and instructional shifts for individual and subgroups of students.  
c) The school leader ensures that a cohesive, comprehensive, and adaptive curricula, inclusive of clearly developed units aligned to CCLS and NY Standards, is used across all areas of study, including interventions, AIS/RTI, dual credit courses, and electives, by monitoring the implementation of the curricula and regularly examining formative and summative assessments and student work. |
| Effective | a) The school leader ensures that a systematic plan (i.e., a plan that has targeted goals to address the needs of all students and subgroups, a schedule for professional development support, and vertical/horizontal collaborative meeting time) exists for the quality implementation of rigorous CCLS curricula.  
b) The school leader uses the systematic plan to provide teachers access to pedagogical support, materials, and training aligned to CCLS curricula and instructional shifts for individual and subgroups of students.  
c) The school leader ensures that staff use a comprehensive and adaptive curricula, inclusive of clearly developed units aligned to CCLS and NYS standards, across all areas of study, including interventions, AIS/RTI, dual credit courses, and electives, by monitoring the implementation of curricula. |
| Developing | a) The school leader is in the process of developing a written plan that includes targeted goals to address the needs of students, schedule/calendar for professional development support, and vertical/horizontal collaborative meeting time for implementing CCLS curricula.  
b) The school leader is beginning to provide appropriate access to pedagogical support, materials, and training to teachers aligned to CCLS curricula and instructional shifts for individual and subgroups of students.  
c) The school leader encourages staff to use comprehensive curricula, inclusive of clearly developed units aligned to CCLS and NYS standards, across all areas of study, including interventions, AIS/RTI, dual credit courses, and electives. |
| Ineffective | a) The school leader has no written plan for CCLS and NYS curricula alignment across all areas of study and is not developing one.  
b) The school leader does not provide access to pedagogical support, materials, and training to teachers aligned to CCLS curricula and instructional shifts for individual and subgroups of students.  
c) The school leader does not ensure and makes little effort to encourage teachers across all areas of study to use curricula aligned to CCLS and NYS standards. |

- During monthly district grade level meetings and weekly building grade level meetings

<table>
<thead>
<tr>
<th>Rating</th>
<th>Statement of Practice 4.3: Teachers provide coherent, and appropriately aligned Common Core Learning Standards (CCLS)-based instruction that leads to multiple points of access for all students.</th>
</tr>
</thead>
</table>
| Highly Effective | a) Teachers use instructional practices that are systematic and explicit, based on sequential lesson plans appropriately aligned to CCLS (or content based standards), and reflective of the CCLS SHIFTS to instruct all groups of students.  
b) Teachers stimulate deep levels of thinking and questioning in students through the use of adaptive CCLS (or content based standards) instructional materials that contain high levels of text and content complexity and multiple strategies to provide a wide variety of ways to engage in learning. |
| Effective  | a) Teachers use instructional practices appropriately aligned to CCLS (or content based standards) lesson plans are reflective of the CCLS SHIFTS to instruct all groups of students.  
b) Teachers stimulate student thinking by asking questions through the use of adaptive CCLS (or content-based) materials. |
### Developing

- Teachers are beginning to develop lesson plans that are appropriately aligned to CCLS (or content-based standards) and reflective of the CCLS SHIFTs to inform their instructional practices, or some teachers use instructional practices aligned to CCLS lesson plans and reflective of the CCLS SHIFTs in specific content areas.
- Teachers across the school do not consistently ask higher-order thinking questions, or the instructional materials do not contain high levels of text and content complexity.

### Ineffective

- Teacher instruction is not aligned to CCLS or content-based standards and not based on lesson plans.
- Teachers use strategies and ask questions that require only basic knowledge of the subject and limit ways in which students are able to acquire learning by providing a single point of access for all students.

---

**Statement of Practice 4.4:** Teachers and students work together to implement a program/plan to create a learning environment that is responsive to students’ varied experiences and tailored to the strengths and needs of all students.

### Highly Effective

- Teachers use a program/plan that contributes to positive reinforcements of behaviors by using behavioral expectations that are explicitly taught and promotes an environment in which students are citizens of their class, and there is a common understanding of how one is treated and treats others.
- Teachers work together with students across the school to acknowledge diversity, provide access to learning and social opportunities, and encourage students to have a voice in their educational experience.
- Teachers foster student buy-in and adapt to the changing needs of the student population and collaborate with other teachers to create thoughtful learning environments that incorporate student values and perspectives.

### Effective

- Teachers use a program/plan that promotes a common understanding of the classroom environment envisioned by the school community and explicitly teaches students behavioral expectations and recognition of acceptable and safe behaviors.
- Teachers work together with students to use strategies that acknowledge diverse groups of students and their needs.
- Teachers foster student understanding and adapt to the changing needs of the student population and create thoughtful learning environments that incorporate student values and perspectives.

### Statement of Practice 5.3: The school articulates and systematically promotes a vision for social and emotional developmental health that is aligned to a curriculum or program that provides learning experiences and a safe and healthy school environment for families, teachers, and students.

- The school has a comprehensive and coherent curriculum or program that incorporates research-based practices aligned to the school vision that enables students to articulate a sense of belonging and ownership in their school community and facilitates the teaching of student social and emotional developmental health.
- All stakeholders receive professional development support to consistently act upon a shared understanding of skills and behaviors that address the social and emotional developmental health needs of students linked to academic success and promote the school community’s vision of a safe and healthy environment.
- There is a comprehensive plan to monitor and revise the professional development provided stakeholders to build adult capacity to facilitate learning experiences to support student social and emotional developmental health within a safe and healthy environment.
| Effective | a) There is a curriculum or program that incorporates research-based practices aligned to the school vision that facilitates the teaching of student social and emotional developmental health.  
   b) The school staff receives professional development support to use skills and behaviors that address the social and emotional developmental health needs of students and promote the school community's vision of a safe and healthy environment.  
   c) There is a plan to monitor and revise the professional development provided staff that builds adult capacity to support student social and emotional developmental health within a safe and healthy environment. |
| --- | --- |
| Developing | a) The school is developing a curriculum or program to support and promote the teaching of student social and emotional developmental health.  
   b) The school is developing ways to support the stakeholders' understanding of the skills and behaviors that address the social and emotional developmental health of students, or some staff members use skills and behaviors that address social and emotional developmental health needs of students.  
   c) The school is beginning to monitor the professional development plan to build adult capacity to support student social and emotional developmental health. |
| Ineffective | a) The school does not have a curriculum or a program in place to support the teaching of student social and emotional developmental health, or the program in place does not meet student needs.  
   b) The school has not identified skills and behaviors that address the social and emotional developmental health of students, and there are no plans to provide support aligned to this work.  
   c) The school does not provide professional development to build adult capacity to support student social and emotional developmental health. |

Tenet 6 - Family and Community Engagement: The school creates a culture of partnership where families, community members and school staff work together to share in the responsibility for student academic progress and social-emotional growth and well-being.

<table>
<thead>
<tr>
<th>Rating</th>
<th>Statement of Practice 6.2: The school leader ensures that regular communication with students and families fosters their high expectations for student academic achievement.</th>
</tr>
</thead>
</table>
| ❌           | a) The school leader, in collaboration with the staff, ensures that staff members are knowledgeable about the school's priority and plan for students to graduate from high school and complete postsecondary education (college, CTE) with advanced competence, and school staff regularly communicate this priority to students, parents, and community leaders in ways that are appropriate for the grade level of the students.  
  b) The school community implements proactively the plan to create diverse and meaningful opportunities for engaging students, families, and community stakeholders in the conversation regarding high expectations for student academic achievement and uses multiple points of entry to provide tips and tools focused on student learning and development.  
  c) The school leader and community review and assess routinely how parents respond to the efforts to build family-school partnerships to foster high expectations for student academic achievement and make timely adjustments if strategies are not working. |
| ❌           | a) The school leader makes it a school-wide priority for all students and their families to be aware of the school-wide expectations and plan pertaining to graduating from the school and provides age appropriate information about college and postsecondary CTE programs to students and their families.  
  b) The school community implements the plan to foster conversations with students and families regarding high expectations for student academic achievement and provides tips and tools focused on student learning and development.  
  c) The school staff reviews and assesses how parents respond to the efforts to build family-school relationships and makes periodic adjustments to those efforts if strategies are not working. |
| ✗           | a) Most of the school staff members are knowledgeable about the expectations for student academic achievement, or the school leader is developing a plan to communicate the expectations to students and families.  
  b) The school community is beginning to use a plan to encourage students and families to learn about the expectations for student academic achievement, or a limited number of staff members are having these conversations with students and families.  
  c) The school staff is working to adjust their efforts to build family-school relationships, or only some staff regularly review and adjust their efforts to building relationships to foster high expectations for student academic achievement. |
| ❌           | a) The school leader has not prioritized communicating high expectations for student academic achievement, and there is little or no evidence that staff communicates these expectations to students and families.  
  b) The school community does not promote or engage students and families in conversations regarding student academic expectations.  
  c) The school staff is neither examining nor adjusting the school’s efforts to build relationships with students and families to foster high expectations for student academic achievement. |

</table>
| □ HIGHLY EFFECTIVE | a) The school has a comprehensive plan to use multiple, interactive communication tools to provide families regular opportunities for purposeful, strategic, and authentic dialogue about school and student issues and concerns.  
b) The school staff has a shared commitment to use consistently the plan for communicating with parents and stakeholders (i.e., translating all documents in multiple languages and communicating in a variety of ways) to ensure that they clearly understand the school’s priorities concerning student progress, achievement, and needs.  
c) The school staff regularly monitors the effectiveness of their communication to and solicitations of family feedback in all languages concerning student achievement, needs, issues, and concerns using multiple interactive communication tools and makes revisions to the plan when necessary.  |
| □ EFFECTIVE | a) The school has a plan to use multiple tools to communicate with families about school and student issues and concerns.  
b) The school staff uses a plan to communicate with parents (i.e., translating all documents in multiple languages and communicating in a variety of ways) concerning student progress, achievement, and needs.  
c) The school staff monitors the effectiveness of its communication in all languages and responds to family feedback concerning issues and concerns.  |
| ✗ DEVELOPING | a) The school is creating a plan for communicating with families about school and student issues and concerns in pertinent languages, or the school communicates with families about school and student issues and concerns using the most prevalent languages.  
b) The school staff is developing a mechanism for sending documents to families in their native languages, or the school staff translates select documents into languages they identify as prevalent.  
c) The school is beginning to have conversations about the effectiveness of its strategies for communicating with parents.  |
| □ INEFFECTIVE | a) The school communicates with families about school and student issues and concerns without considering translation needs.  
b) The school staff does not send translations of documents to families.  
c) The school does not reflect on its strategies for communicating with parents.  |

If the SOP rating is Effective, Developing or Ineffective, please provide a response in the areas below.

Actions in this area to be taken to improve the identified subgroup(s) student performance levels:

- Provide professional development to school staff on how to engage families in their child’s education as well as work with and utilize community agencies to sustain partnerships

Describe the district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels:

- District Parent Engagement Coordinator
- School 14 Parent Outreach Coordinator
- Principal
- Principal Assistant
- All staff

Describe the professional development activities planned to support the implementation of the actions in this area:

- District parent engagement coordinator will provide professional development to school staff on how to engage families in their child’s education as well as work with and utilize community agencies to sustain partnerships

Timeline for Implementation of Activities and Professional Development – Please provide milestone dates for the planning, implementation, and review of activities implemented in this area:

By June 30, 2016
### Statement of Practice 6.5: The school shares data in a way that promotes dialogue among parents, students, and school community members centered on student learning and success and encourages and empowers families to understand and use data to advocate for appropriate support services for their children.

<table>
<thead>
<tr>
<th>Rating</th>
<th>Description</th>
</tr>
</thead>
</table>
| Highly Effective| a) School leaders, data specialists, student support professionals, program coordinators, and community agencies share data and integrate data systems in order to identify family needs and target appropriate support strategies.  
  b) The entire school community ensures that student data is shared in a way that families can understand a child’s learning needs and successes, proactively advocate for their children, and partner with the school to provide appropriate student support. |
| Effective        | a) School leaders, data specialists, student support professionals, and program coordinators use data to identify family needs and target strategies to address them.  
  b) The school community ensures that student data is shared in a way in which families can understand student learning needs and successes and are encouraged to advocate for student support. |
| Developing       | a) The school staff recognizes that there is a need to share and integrate data systems to identify family needs, and a plan is being developed to do so, or the school staff uses data but is not working with the school’s partnerships to share and respond to data pertaining to family needs.  
  b) The school community inconsistently shares data regarding student learning needs and success that families can access and understand. |
| Ineffective      | a) There is no evidence that school leaders, data specialists, student support professionals, and program coordinators have prioritized or recognized the need to share and integrate data systems.  
  b) The school community does not share data with parents in ways they can understand. |

If the SOP rating is Effective, Developing or Ineffective, please provide a response in the areas below.

- Actions in this area to be taken to improve the identified subgroup(s) student performance levels:
  - Create a plan for sharing data with families regarding student progress, learning needs etc.

- Describe the district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels:
  - District Parent Engagement Coordinator
  - School 14 Parent Outreach Coordinator
  - Principal
  - Principal Assistant
  - Teachers
  - 9LT

- Describe the professional development activities planned to support the implementation of the actions in this area:
  - Provide professional development on easy ways to communicate the CCLS and assessment data in order to share this information with all families.
  - Provide support to families on the use of data to advocate for their children.

- Timeline for Implementation of Activities and Professional Development – Please provide milestone dates for the planning, implementation, and review of activities implemented in this area:
  - By August 31, 2016 professional development will be provided in this area.
Describe the process used to develop this plan pursuant to Commissioner's Regulations 100.11.

The district review team which consists of the Assistant Superintendent for Curriculum and Instruction, Response to Intervention Coordinator, Director of Pupil Personnel Services, Coordinator of Grants, Director of Technology and Middle School Principal completed a school review following the Diagnostic Tool for School and District Effectiveness (DTSDE). The review took place over two days. It consisted of interviews and meetings with teachers, staff, parents and students as well as the principal. The review team also participated in 61 classroom visits in order to gain as much evidence as possible.

Following the review, the team worked collaboratively to rate the school under five of the six tenets of the DTSDE. Based on the ratings and evidence collected, as well as conversations and collaboration with the building leader, the Local Assistance Plan (LAP) was completed. The LAP is shared with all building faculty and staff and will be used as a guide to provide instruction aligned to the Common Core Learning Standards, improve district and building leadership and improve the overall culture and climate of the building. The goal is to be highly effective in all areas to ensure a continued increase in student achievement for all subgroups and the all student group overall.
Provide any additional information that is relevant to the Local Assistance Plan but is not addressed in the tenets and/or SOPs.
