**Directions for Parts I, II, and III** - District and school leadership should analyze and frame a summary of the steps taken to implement lead strategies aligned with Building- and District-based Commitments outlined during the most recent touchpoint with OISR for the second quarter, as well as by identifying key strategies that were included in the 2023-2024 Continuation Plan as part of an ongoing process of *continuous and comprehensive planning, and school improvement*. The report should include a clear focus on *how evidence guides decisions* and an outline of explicit, equitable educational supports accessible to all students to ensure positive social-emotional well-being and active engagement in learning in an inclusively diverse, culturally relevant, safe learning space. Applicable resources and related guidance can be accessed via the *Department's Diversity, Equity, and Inclusion and Culturally Responsive-Sustaining (CR-S) Education Frameworks*, (@ [DEI Framework and Policy Statement | New York State Education Department \(nysed.gov\)](#)), [Culturally Responsive-Sustaining Education | New York State Education Department \(nysed.gov\)](#), and in support of the NY Social Emotional Learning Benchmarks @ [NYS SEL Benchmarks \(nysed.gov\)](#).

- When responding to prompts pertaining to the *Quarterly Report #2*, identify processes:
  - Used throughout Quarter 2 to assess the impact of *strategies implemented* to improve student learning outcomes, as aligned to Building- and District-based Commitments.
  - For assessing the impact on student learning outcomes that will be newly implemented during the new school year.
- Frame how the implementation of lead strategies addresses *the needs of all learners*, particularly the needs of subgroups of students and those at risk for not meeting State academic standards.
  - Claims should be evidentiary in nature.
  - Reported information and related data should be accessible and able to be reviewed upon request.
- To ensure sustained application of key data where strategy implementation results in *long-term sustainable growth*, District and School Leadership should *assess the impact* of identified lead strategies on student learning, *as aligned to Building- and District-based Commitments* and Technical Assistance and Support sessions and diagnostic review feedback.
