**10th
Annual**

**GIRLS IN STEM CONFERENCE
SATURDAY, MARCH 23**

at Hudson Valley Community College's Bulmer Telecommunications Center (BTC)

Girls in fourth to eighth grades are invited to the 10th annual Girls in STEM Conference, a free educational event featuring interactive workshops designed to illustrate the fun side of science and technology. Workshop sessions will be provided by STEM professionals and STEM educators. Event runs from 8:30 - 11:30 a.m.

- Interactive workshops
- Fun in-between session activities
- Follow up activities to keep interest in STEM alive

• Keynote speaker: Dr. Michelle Lewis
Executive Director: Biopharmaceutical Education
Albany College of Pharmacy & Health Sciences

The State University
of New York
