Physical Examination Requirement

New York State Education Law requires that all children attending school in New York State have a physical examination and dental screening at the following grade levels: **Pre-Kindergarten, Kindergarten, 1st grade, 3rd grade, 5th grade, 7th grade, 9th grade, 11th grade, and all new students who are entering the Troy City School District.**

As part of your child's education and in recognition of a desirable health practice, the annual health examinations by your health care providers continue to be encouraged. The examiner that is familiar with your child's health history is able to give a more thorough physical. They can immediately advise you regarding any condition that might be found.

If your child has had a physical in the past year or you plan to have your child examined by his/her own doctor, please have the Health Certificate filled out by the doctor and returned to school.

When we require that your child have a physical examination, we will be requesting a dental certificate as well. There is a sample certificate available for you to take to your child's dentist. Once it is completed, it should be returned to the School Nurse as it will be filed in your child's Cumulative Health Record.

Please call the school's health office if you have any questions or concerns.

Thank you for your cooperation in this health endeavor.

Please return the completed form to the Health Office of your child's school.
